

Installation Guide

Manually Installation

Magento2 module installation is very easy, please follow the steps for installation-

Download and unzip the respective extension zip and create BluethinkInc(vendor) and CityProvinceDropdown(module) name folder inside your root folder app/code/ directory.

Install with Composer as you go Specify the version of the module you need, and go.

composer require bluethinkinc/module-cityprovincedropdown

Run following command via terminal from magento **root directory**

```
$ php bin/magento setup:upgrade  
$ php bin/magento setup:di:compile  
$ php bin/magento setup:static-content:deploy
```

Flush the **cache** and **reindex** all-

```
$ php bin/magento indexer:reindex  
$ php bin/magento cache:flush
```

Now module is properly installed.
